

"I don't have much family here who can help me. Project MANA has been my lifeline."
Joe, Truckee

Dear Barry,

We just want to thank you. Because of you, 2018 was a powerful year for Project MANA.

You **donated over 4,150 hours of your volunteer time** by rescuing food that would otherwise be thrown away, sorting food in our warehouse, and distributing food throughout the community.

You **fueled our [Mobile Food Distribution Program](#) 4 days a week** across 4 sites. This critical program provided over **148,350 nourishing meals to 1,200 households** that might not have access to fresh, nutritious food otherwise.

You **rescued, gleaned and redistributed over 136,500 pounds of food** from local farms, supermarkets, retail vendor and individuals, and **you played an important role in [feeding the hungry and reducing food waste](#).**

"Volunteering with Project MANA is fun and a great way to give back to our community. I love seeing everyone and the connections I've made are priceless."
Rebecca, Tahoe City

None of our work could be done without you! It's because of people like you that Project MANA is able to provide the nourishment people need for a healthy life.

Thank you again for helping to feed the thousands of community members facing hunger. **Because of you, we are closer to ending hunger in North Lake Tahoe/Truckee.**

Sincerely,

Deidre Ledford
Executive Director
Project MANA
