***Read Romans 1:18-23***

1. Paul is clear that in our sinfulness, we ‘suppress the truth’ we know about God. Define and discuss what is meant by ‘suppress.’ Give some examples of how this is done today.
2. Compare translations of Romans 1:19-20. Did you notice any differences? Give some examples of what creation speaks to you about who God is and what He is like.
3. This text says that people are without excuse for not believing but many in our world would say that God has not given enough evidence for His existence. How would you respond?
4. Science is used as the supposed truth that proves God is not real. How do we combat that in conversations with our non-believing friends?
5. Take some time in prayer and give honor and gratitude to God for how He has opened your eyes to see these truths
